# Season's Greetings

*Dear Customers and Friends,*

*Welcome to Ebatco and the World of Nano! 2017 will soon be upon us. 2017 is a special year for us not only because it will be a new year full of hope, but also a year in which Ebatco will turn 10 years old! 10 years is not very long for the universe, but it represents a remarkable milestone for Ebatco to grow from scratch to today's standing. At the beginning of this special year, all of us at Ebatco want to say thank you to our customers and friends for your support, business and encouragement. Without your help, there would be no Ebatco!*

*Ebatco recognizes the need to bridge the gap between real-world applications and promising nanotechnology. Throughout the years, Ebatco has created and designed a series of products and services to facilitate your nanotechnology strategies and their implementations. You are sincerely invited and strongly encouraged to contact us for consulting services in nanotechnology, nanoscale analytical and lab testing services, or nano-enabling instrumentation and machinery products. We are looking forward to the earliest opportunity to work with you.*

*May you have a very happy holiday season and a great 2017!*

*Yours sincerely,*

*Dehua Yang, Ph.D.  
President*
